

Ethylene Absorbers

Designed to protect
Absorb ethylene particles and reduce airborne spores quantity

Features

. Dimensions: 91,20 cm length

. Weight: 1050 g

. Diameter: 4,50 cm

. Absorption capacity: 3,5l of ethylene per filter

. Certification and traceable with batch n° and quality report (University of Alicante)

Main benefits

. Shelf life extension

. Smell absorption

. Shrinkage reduction
